## How Marmax turn Milk Cartons into Fishing Platforms.

**Marmax Products has an established reputation for producing high quality, maintenance free outdoor furniture, fishing platforms, decks and boardwalks.**

Marmax Products range is manufactured in the UK and is

made entirely from 100% UK recycled plastic. This recycled plastic was once 2 pint milk bottles which were headed for landfill.

Over the last 7 years, 290 million 2 pint plastic milk bottles have been saved from going to landfill and have instead produced a sustainable range of furniture and equipment ideal for use in parks, recreational grounds and stretches of commercially fished rivers. This dedication to sustainability resulted

in Marmax Products being awarded the prestigious title of Green World Ambassador for 2016.

Marmax Products produce a range of practical, maintenance free products which do not rot, corrode or splinter.

As Green World Ambassadors, Marmax Products promise to bring you sturdy, reliable and practical products with a sustainability ethos second to none, fully recycled and manufactured to order.

## Fencing, Screening and Planting.

*Complimenting the environment.*

**Marmax Products designers have created a wide range of products which are ideal for fencing and screening, providing a cost-effective and easy to maintain alternative to traditional timber products. Additionally, because all of the products are made from recycled plastic, they help your organisation meet, maintain and promote its environmental targets.**

Durable and robust, Marmax Products are ideal for high-use environments and because they won't rot, corrode or splinter, they provide a safe choice for both your staff and the general public.

Boundaries can be marked by attractive 'Birdsmouth' fencing, perfect for use in car parks and on footpaths.

Marmax Products traditional 'Picket' fencing and 'Picket' gate can be supplied in popular brown or black, but if you prefer to make a statement or would like to tailor fencing to match your existing colour scheme, there is a wide range of colours to choose from.

Marmax Products manufacture all products on site and can therefore build outdoor furniture and equipment to suit varying requirements and specifications. Contact the sales team to discuss your requirements on **01207 283442** or email **sales@marmaxproducts.co.uk**
