Testimonials:

"The agility equipment provided by Marmax gets well-used in our outdoor paddock for a range of different purposes – from dog training and exercise to the odd photoshoot with our staff and animals! They absolutely love the agility training, and it helps to keep them fit and stimulated while living in a kennel environment. With hundreds of dogs coming through our care every year, the equipment has very much proven its durability against muddy paws, sea air and lots of wear."

*Lindsay Fyffe-Jardine,
Director of Operations/Deputy CEO,
Edinburgh Dog and Cat Home*

"All the products are great quality and are extremely durable which is fantastic as our dogs range in size.

We use our Marmax equipment as environmental enrichment for the dogs and we aim to make every dog stay as enjoyable as possible before they head off to their forever homes. We love all the products and so do our dogs"

Sarah Park, Dogs Trust Ballymena

"Marmax Products were incredibly friendly and went above and beyond to help us provide our dogs with some new equipment. We now have a fantastic training platform in our sensory garden which is great for the dogs and provides hours of fun for them! Fantastic product and staff, we can't rate them highly enough"

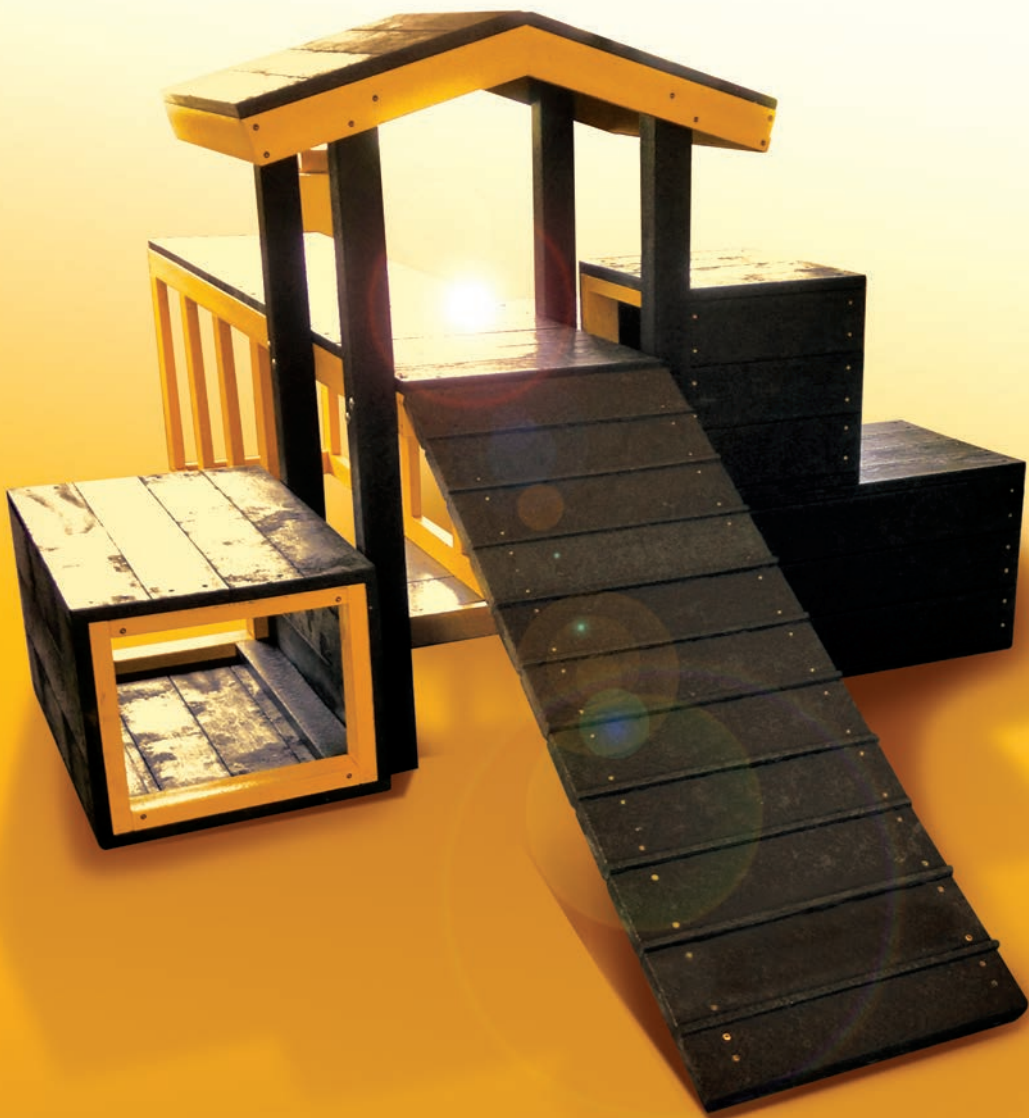

*Rachel Sirdefield,
RSPCA Little Valley Animal Shelter*

"We raised the money to purchase our Dog Training Platform via a Crowdfunder. The public support was overwhelming and they were in agreement that it was something that would be of great use to the dogs in our care. The platform allows us to work with the dogs to build up confidence as well as providing them with a great place for exercise and fun!

*Lauren Sanderson,
Rain Rescue*

*The variety of enrichment ideas provide
our dogs with places to hide,
climb and play.*

Ben Wilkes, Border Collie Trust GB.
